

NEW CONCEPT OF PERFORMANCE

[NEW]

SYNKRO

LATEST HIGH-SPEED CAPSULE FILLING & SEALING TECHNOLOGY

Unlock the full potential of your coffee capsule production with our cutting-edge, high-speed filling and sealing solution. Superior automation combines with a compact design to bring you reliable excellent results time after time, with any of the market's available capsule types. Independent magnetic shuttles transfer the capsules, ensuring perfect process duration at every stage and synchronised performance.

Modular. Automated. Sustainable.

Run with **SYNKRO**
